1. *You will need to create a youtube which is strictly used for this method, unless you could use other video sites.*
2. *This method uses PPD which sites that could be preferably used are listed below:*  
<http://binbox.io/>  
<http://adf.ly/>  
<https://shorte.st/>
3. *If you go on YouTube, you always tend to see those Vine Compilations, they always tend to have months attached for the latest vines in one.*  
*Ex. "ULTIMATE VINE COMPLIATION JULY 2014"*
4. *Number 3 isn't really a step I'm just showing you and Example of what I am talking about. What you need is to either (A) gather up a bunch of funny vines that will get a guaranteed laugh. (B) download a recent vine compilation and simply add the current month.*
5. *This step is nowhere near hard, when you upload the video you could add messages to the video. What you need to do is put a message and when they click on it, it leads to the affiliated link OR you could show a big message with the writings of "CHECK THE LINK IN THE DESCRIPTION"*
6. *You could put your affiliated link below in the description box and you get automatic clicks.*

## **BONUS**

- 1. You could use Reddit, Tumblr, and 4chan for this type of method.*
- 2. Which works best for TUMBLR is to have required a maximum of 200 users following you. Tell your user to click and promote your page or picture by sharing it.*
- 3. 4chan way is to easily find a Celeberity Porn Picture Collection and add a link then add the link to [www.pastebin.com](http://www.pastebin.com) then add the link to the comment box and add one celeb picture to get some attention then there goes your 4CHAN magic!*
