

Imagination's PPD method.

Intro:

Hello buyer of my ebook, if you're reading this you must be interested in my PPD method. Well lets get right to it!

Things we will need:

- An account on any blog site.
- A youtube account.
- An EnhanceViews account.

Let's get started.

Step 1: Find a hot upcoming song, movie, or game. This shouldn't take long :).

Step 2: Search or make a good video about this upcoming thing, i used the upcoming game "The last of us" for my most recent video. I just downloaded someone else's youtube video and used it as mine.

Step 3: Upload this video to youtube.

Step 4: Now we will make a blog for the upcoming thing (this blog will contain your sharecash link) Here is an example of what i put in mine. You want to make it look as HQ as possible. **THE DOWNLOAD LINK ON THIS BLOG WILL BE YOUR PPD DOWNLOAD LINK. OR YOU CAN MAKE THE FILE PASSWORD PROTECTED AND TELL THEM THEY WILL HAVE TO COMPLETE THE SURVEY TO GET THE PASSWORD.**

THE LAST OF US

zaterdag 4 mei 2013

Hello, if you're reading this you must be interested in the cracked "The last of us for pc" version. I will go through the installer steps with you:

- 1) Download the installer from the download link below.
- 2) Save "The last of us Installer.rar" to your desktop.
- 3) Extract the installer to your desktop with WinRAR and run it.
- 4) Let it install and click "create account".
- 5) Just fill in the account creation details.
- 6) Login.
- 7) Play as much as you want :).

Download: <https://www.dropbox.com/s/qoobdvz4popdm6x/The%20last%20of%20us.rar>

Type the link to YOUR blog in the youtube video description.

Step 5: Go to the website www.enhanceviews.com. Now here you have 2 choices.

Choice 1: You will collect credits by using the "Youtube power watcher", they provide a download link to the power watcher on their website:

The screenshot shows the top navigation bar of the EnhanceViews website with the following links: Home Page, Information & Support, Earn Free Credits, Purchase With PayPal, and Redeem Your Credits. Below the navigation bar is a list of services, each with a description and a 'Go' button:

Service Name	Description	Action
YouTube Power Watcher	automatically rate, comment, subscribe, and favorite videos and channels	Go
YouTube AutoWatcher	automatically watch YouTube videos	Go
Enhance Featuring	make relevant comments on featured videos	Go ²⁵

With those credits that you've earned you will buy some custom comments and views.

These will make your video look legit. (You can purchase views and comments with the "redeem

your credits" button.)

Choice 2: If you want to invest 5\$, you can buy "youtube featuring" This will get you about 120 comments and 301 views (Youtube viewcount freeze) without doing anything.

The screenshot shows a 'Purchase' form with the following elements:

- Item:** A dropdown menu showing '1 Day of YouTube Featuring - \$5.00'.
- Quantity:** A slider control ranging from 0 to 100. The current value is 0. Milestones are marked at 10 (+20%), 50 (+50%), and 100 (+100%).
- YouTube Video Link:** A text input field with the placeholder 'The video you would like featured'.
- Totals:** A section containing a 'Days of Featuring' button and a price tag of '\$0.00'.

Step 6: Wait for the money to roll in!

End: So this was my PPD method, i hope this helped you!
