

INCOME LOCKDOWN

INCOME LOCKDOWN

Earn yourself between
\$100 and **\$1,000** per day!

between \$100 and \$1,000.

Welcome All!

You've taken a huge step into locking down a stable income online by purchasing Income Lockdown. I can ensure every one of you that you'll definitely earn money with this eBook, as well as the monthly bonuses you'll be getting, so if one method doesn't work for you, you can always try the other methods you'll be sent.

Now, the methods that are going to be covered in this eBook are related to affiliate marketing as well as outsourcing services like homework and SEO. There are tons of eBooks relating to affiliate marketing, however, this eBook will contain methods which aren't your regular affiliate methods as well as other methods and I'm certain every single method in this eBook will earn you money if you put the effort in. Whatever you put into these methods is what you'll get out of it. Furthermore, as promised, if you don't earn anything within 60 days and show substantial proof that you did in fact try your hardest to earn with this method, you'll be given a full refund and if you purchased the premium package, I'll also pay you \$10 more than what you paid for the eBook.

It's no secret that affiliate marketing is probably one of the most profitable methods in the online money making industry, you can earn money without having to do much work, and that's exactly what you're results will be if you think outside of the box.

Outsourcing services is also a great money maker as you don't have to do much work and you can make a lot of money, especially if you find the right clients. There will be two methods on this method of making money as well as two on affiliate marketing.

WarriorPlus Affiliates

WarriorPlus is probably one of the best affiliate systems there are when it comes to eBooks. WarriorPlus is associated with Warrior Forum, the biggest internet marketing forum, and the best place to sell eBooks if you know how to market your products to a high level. You won't be selling anything on Warrior Forum, nor will you be selling eBooks, however, you're going to need to sign up to Warrior Forum in order to be able to sign up to the WarriorPlus affiliates system. In order to sign up to Warrior Forum, use the link below.

<http://www.warriorforum.com/register.php>

Once you have signed up, you can then sign up to WarriorPlus using the link below.

<http://www.warriorplus.com/user/new>

Once you have signed up to both Warrior Forum and WarriorPlus, you can get started with the method. When you are on WarriorPlus, find "Affiliates" on the navigation bar at the top, then navigate to "Offers".

The screenshot shows the WarriorPlus website interface. At the top, there is a navigation bar with the following items: Home, Marketplace, Vendors, **Affiliates** (circled in red), WSO of the Day, and Support. Below the navigation bar, there is a sub-menu for Affiliates with options: offers, get links, stats, and refund requests. The main content area features a yellow banner for "WSO of the Day" with the headline "The Easiest Way To Become a Kindle Bestseller (Or Sell A Lot of Anything)" and a sub-headline "...create nearly instant notoriety for your Kindle book (or other products!) [and] build a high quality list with lightning speed...". Below this banner is a yellow button that says "» CLICK HERE TO VIEW ALL OF TODAY'S TOP-SELLING PRODUCTS «". Underneath the banner is a section titled "WSO Pro Affiliates" with a sub-header "This is the place where you can request new offers to promote, get your links, see your stats, and more...". Below this sub-header are three yellow boxes: "Offers" (circled in red), "Stats", and "Refund Requests". The "Offers" box contains the text: "Want to promote a WSO Pro offer? The seller must first approve you. This is the place to make your request and get your links." The "Stats" box contains: "Go here to see statistics on affiliate offers you are promoting." The "Refund Requests" box contains: "Here you can see any pending refund requests that you need to handle for offers you have sold."

Once you have clicked on offers, you're going to be greeted with a long list of products that you can request an affiliate link for. The list will include how many copies have been sold roughly, the conversion rate of the landing page, the launch date, the average price, the sales funnel and the refund rate. All these factors are important when it comes to choosing the programs that you'd like to sell.

You're not restricted to having affiliate links for x amount of items, so you have the freedom to choose as many as you like. Trial and test each software you have been approved to get an affiliate link for, keeping the ones that earn you money and ridding and replacing those which make you no money.

You need to be weary when choosing your product if you already know which site you'll be promoting your affiliate links at. You need to study the market at the site you choose, see what product lines the site is missing and trying finding it on WarriorPlus. I'll talk about where and how you can gain sales from the affiliate links later on in the eBook.

When you've decide on which product(s) you want to request an affiliate link for, click the blue button reading "request" on the offers list page and you'll be greeted with a box as seen below.

Request to Promote Offer

Insty Niche Finder [Hybrid] Keyword Tool

Payment Email:

Request Notes

Request Offer Cancel

As you can see, the request message box comes up with the payment email you'd like to use as well as anything you'd like to say to the product owner in order to get that all important approval. Follow the template below to put into the request notes, but DO NOT copy it word for word, change it with the bits I've missed and improve on it and add any past experience, the more you add, the higher your chance of being approved as an affiliate.

HELLO,

I WOULD LOVE TO BECOME AN AFFILIATE FOR (PRODUCT NAME) BECAUSE I'VE SEEN THE FANTASTIC REVIEWS IT HAS BEEN GETTING AND FEEL IT IS GENUINE PRODUCT. I'LL BE PROMOTING THIS PRODUCT AT (WHERE YOU'RE GOING TO PROMOTE PRODUCT) AND I CAN GUARANTEE THAT I'LL BE GETTING YOU A LOT OF SALES. (ADD PAST EXPERIENCE IF YOU HAVE ANY OR ANYTHING RELATED).

THANK YOU FOR YOUR TIME AND I HOPE TO HEAR FROM YOU SOON.

REGARDS,

(NAME)

The product owner can reply as quickly as a few minutes or as slow as a few days, it all depends on how many requests they may possibly be getting and how often they check their emails and the WarriorPlus panel. I would suggest requesting to be an affiliate seller for a few products at the same time, as you will most likely find a product owner who will reply quickly.

I'll be assisting you further in terms of finding the right product you'd like to sell to ensure you earn money via email and live support.

Other Affiliate Programs

There are hundreds of different affiliate programs you can join that are similar to WarriorPlus Affiliate. However, I've found a very uncommon type of affiliate system which isn't your everyday affiliate site. Everyone knows about Clickbank and thousands of eBooks and software they have for affiliates to sell, but most of the time, the products are terrible and Clickbank is over used, so there is no reason for me to even discuss it.

GameFanShop is a site that sells Steam and Origin games cheaper than what you'd find on the Steam and Origin sites themselves. They also sell other things such as Xbox live codes, World of Warcraft membership cards and more. All of these items they sell are delivered electronically. This method involves signing up to GameFanShop as an Affiliate and obviously getting sales through your links by signing up to gaming forums and adding a link to your signature or making use of YouTube. The good thing about GameFanShop is they offer you 10% from all the sales you make.

To start off, you're going to want to start off by signing up to the affiliate program for GameFanShop which you can do by visiting this link: <http://goo.gl/sggJAD> You don't even need to input a site or game channel, you can un tick the box and just fill in the information and you'll be ready to go pretty quickly.

What you're going to want to do next is to sign up to some gaming forums, and put the link in your signature and post around. If the forum has a requirement for you to have a signature such as x amount of posts, just post anyway as you can later do it so your previous posts will have the signature you set. Some gaming forums I would personally recommend are sythe.org, and other forums you can Google and sign up to.

If you don't want to do the above method, there is also the method with YouTube. You can create videos of gaming which you can either use from other YouTube videos or create your own content. This would be best to do with new games such as DayZ Standalone as there are more searches and less competition, making your videos easier to rank. You're going to want to submit the video on YouTube, then in the description, have a link which will be to your GameFanShop store. Now, in order to rank the video and get traffic to your video and potential buyers, you want to get likes, comments and views to your video. Instead of buying it, you can use an Addmefast script, allowing you to get points on the Addmefast site and then use those points to get likes and comments. You can use this free script below to get the likes, comments and views:

<http://www.blackhatworld.com/blackhat-seo/social-networking-sites/562060-get-addmefast-allinone-bots-imacros-1000-points-1-hr-never-crashes.html>

The above link also had a video tutorial on how to set up the script if you haven't come across this site already, so anyone new to this can set this up within 10 minutes without any technical issues. Again, once you accumulate enough points, just spend them on likes and comments and watch your affiliate earnings constantly rise.

Flipping Homework Services

This method involves getting clients to do their homework services and then outsourcing the work to those whom can complete the homework you were given. You can start this method off by finding clients who need their homework done. In order to find your clients, one of your best options would be to use Hack Forums.

In order to find your clients on Hack Forums, what you could do is use the search feature and type in something along the lines of “homework”, “need homework done”, etc.

You’ll be greeted with results similar to what you can see below.

Look for a thread that wasn’t posted to long ago and enquire about whether this is still needed to be done by posting on the thread or private messaging them.

You can also look for clients by looking in the “Buyers Bay” section of the forum, where most members post if they need homework done. The link to that section is below.

<http://hackforums.net/forumdisplay.php?fid=44>

You can also look in the “Partnerships, Hiring, and Personnel” section, link below.

<http://hackforums.net/forumdisplay.php?fid=217>

Another easy yet effective way to get clients is to use <http://www.homeworkmarket.com/> it's a site where people buy and sell homework services and is probably the quickest way to get a client. This site is actually useful in getting the clients as well as outsourcing. People post their homework needs, and you can get that order and then outsource it to someone on the site or someone on Hack Forums.

In order to get clients from this marketplace, what you can do is use the Facebook like chat feature which you can find on the bottom right hand part of the website. You can then say something like, "available to do homework on nearly any subject, please message me if interested". You can also go to the list of online users and mass message each one and ask if they need any homework need doing.

Now, another method to get clients on the same site would be to fill out the teacher profile, and then look for those who have posted their homework that needs completing. Obviously, you'll need to sign up to do any of this, so ensure you've signed up, go to "my account", then "teacher profile", and then fill in the information.

 Biology homework help
 Chemistry homework help
 Computer Science homework help

Spend some time filling this in, or search for some other teachers profile on the same site and edit it to how you like. Just ensure it's filled out well and if you want to get more clients, it's best to ensure everything is detailed, copying information from the internet on someone in fine, just ensure it's detailed. You'll also want to select a few areas of expertise as you won't be doing the work yourself, you can find the right person to outsource the work to.

Once you've done the above, you can then go to:

<http://www.homeworkmarket.com/homework-help> and browse through the subject areas and look for homework answers which haven't been done. Let's say for example I go: <http://www.homeworkmarket.com/homework-help> and then I click on Biology homework help and browse through the homework's posted, you can find the ones unanswered as it will say, "not answered", you can see this below.

You can also use someone on Hack Forums or any other site. If you want to use someone on Hack Forums, use the search feature again and search for “Homework”, or “Homework services”. Show the person you’re going to outsource to the question, how much they charge and how long it’ll take. Once you get this information, you can handshake with the original person who needed the homework done and enjoy the profits!

SEO Service Flipping

This method is probably one of the most profitable methods in Income Lockdown. SEO services are needed by everyone, site owners who don't know anything about SEO but need the services are an untapped goldmine. For those of you whom aren't aware, SEO stands for Search Engine Optimization.

This method is basically getting SEO clients, and then using other peoples SEO services in order to serve the SEO clients you get. In order to start the method, it's best to find the clients as I already have some great SEO services you can use which will ensure your SEO clients are extremely satisfied with the results they get from the services you're going to offer. There is no point in offering big companies SEO services, they will either not reply or just say they aren't interested. What you want to do is find the websites of local shops near you and then email them or ask them in store about the SEO services you offer. Most local shop sites don't have any SEO done, so you offering this to them and offering them the chance to be on the first page of Google locally for the keyword relating to their shop will be an extremely exciting prospect to them as they'll know it will bring them increased business. Follow the script on the next page for either email or talking to shop owners directly.

The price of the service you'll use is \$140 but there is usually a discount. Follow the script on the next page but add some things in there yourself as it's only a template. You should charge clients around \$300-\$450 for this and sometimes you'll land yourself a monthly contract, so you'll repeatedly be paid \$300+ to maintain the SEO work which you can keep outsourcing. This is where you'll be buying the SEO service from, it's extremely good and it DOES rank your website very, very well.

<http://www.blackhatworld.com/blackhat-seo/seo-link-building/504092-sherlock-hacks-google-part-ii-26-link-building-episodes-free-bad-links-removal.html>

Remember, in order to find clients, find the sites of local shops and give them and email or go into their shop and talk to them about the services you offer. All the information about the service is on the thread link above.

You can also use forums like Digital Point, Warrior Forum and of course Hack Forums to get clients too. You can even use www.freelancer.com as there are a lot of people whom need SEO services there, for example:

http://www.freelancer.com/projects/Internet-Marketing-Marketing/Need-SEO-done-website-need.html?t=a&utm_expid=294858-84.oy8UyaayTBq7hFQCfpesQQ.1

The person below got someone for \$359 to do this work for him. If you were to have gotten this job and used the service at a 25% discount, you'd be looking at least a \$200 profit margin for doing very little work.
