I earned about €4k alone with this Method.

ONLINE ID

Create a Fake ID

You only need a Name and the Address

You can use this to generate these:

fakenamegenerator.com

PAYPAL

You need 2 PayPal Accounts

One with your real details and one with your Fake ID

When you received cash immediately send it to your real PayPal. If they

Chargeback on your Account could go into minus. When this happens simply make a new Account.

FLASHPLAYER

Download this zip archive:

http://www.mediafire.com/download/hpkpin71bld23jc/fp_10.3.183.67_archive.zip

Install the Flash Player.

There are very important steps that are very important to note.

Here is a Video that explains everything well:

VIRTUAL CAM WHORES

You have to open the VCW-File in Flash-Player. Go to open -> and open the VCW-File. Here are some free VCW's: <http://pastebin.com/pkW6uALE>

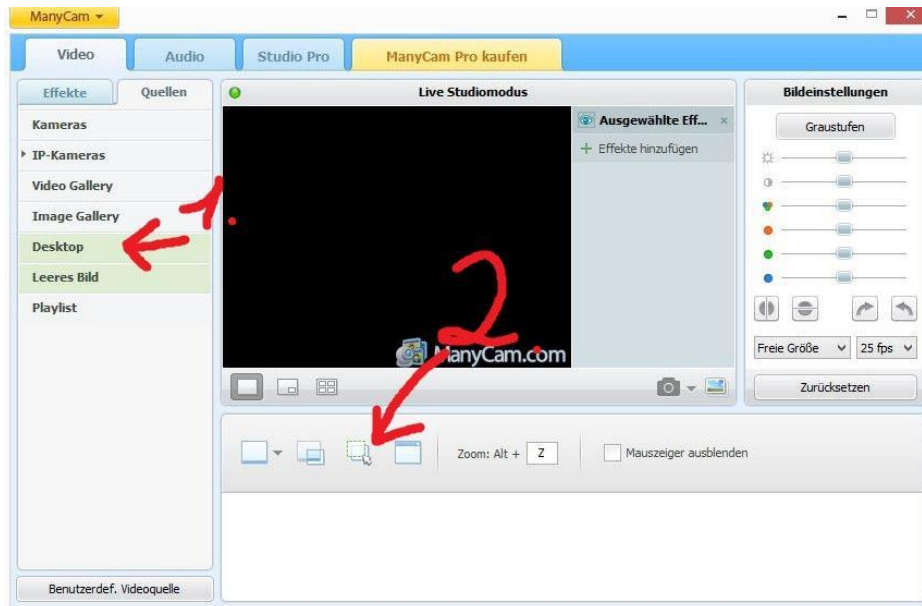

MANYCAM

Manycam is a important tool for your VCW, is creates a simulated webcam. Here is the download link: http://www.chip.de/downloads/ManyCam_31647244.html

Open the Program and remove the advertisement

Now go to Sources -> Desktop and use the 3rd Button from the left.

Note: If you plugged in a headset, deactivate it in the header "Audio"

Okay, let's go. We're trying to target Pedophiles. First we have to spread our Skype Name. The easiest thing is to spam it in an public chat. My favorite is this one:

<http://zozo-chat.com/germany-chat.html>

Just type something like "17yo home alone, whisper me". Don't give out your skype name yet. You'll get banned.

When some guys are adding you in Skype they'll ask you probably for your Age/land etc. You can now say you make camshows or catfish them. When you try to catfish write with them 1-2 days until you slowly mention that you need some money. I made both, and was successful with it.

When you have your first costumer, don't ask for a too high price. I usually say 10€ or 13\$.

PUSHING SKYPE REQUESTS

To get much Skype friend requests I use the site <http://www.xhamster.com> Register on the Site and fill out your Profile. Upload a good Pic of your VCW after that to get even more clicks.

How do we use that?

Simply type something like "Uhm.. I'm pretty shy, It's pretty embarrassing to say that but I make some stuff for money on cam...Some would call me "Camgirl" etc. I just want to have money for my driving license, because I still go to school."

Within minutes you'll get many friend requests in skype

METHOD 2

This is a pretty simple method but very effective in my opinion.

1. Go to <http://www.tagged.com/>
2. Make an Account over there. Make your name slutty, same with the pictures. But don't post any nudes there, you'll get banned.
3. Edit your Profile and tell them something like you broke up with your boyfriend and now you need money etc. And include your Skype (Autopilot friend requests lmao)
4. Wait for people to add you on Skype
5. Profit.

TIPS

-Don't scam. Your Account will get banned. And when they are happy with the show They'll probably buy another show (In my Opinion you can scam them after the first One)

-NEVER go first!

-Make them horny, but not too much.

-Do everything offsite. The chances to get banned on these sites are lower.

-For your safety use a VPN
