# INTRODUCTION

Welcome and congratulations on buying the Last eBook you will ever need. This eBook has 3 methods that will ensure that you are making a living within the first few weeks of doing these. I am going in order from highest payout to lowest so obviously method 1 will be the highest and we will go down from there. So let's jump in! Reading this eBook is already starting you towards success.

## Method 1

Method 1 includes affiliate marketing. Now don't get all pissed off, keep reading. This method is incredibly easy to do and you won't even have to put that much effort it.

Now I bet your wondering what you're going to be selling. Well it's simple! You are going to sell some simple SEO services. What are seo services you may ask? Well you are going to be selling ranking services to local business in your area.

So head on over to either of the 2 sites.

<http://www.seobook.com/aff/affiliates/>

Or

<http://www.businessranker.com/idevaffiliate/signup.php/>

Either one works and in fact, you can look online for any other site that sells SEO services if you would like.

So your now probably thinking why the hell am I signing up on these sites. Well its simple! You are going to be selling SEO services to local business to help them boost sales.

So for this tutorial we are going to use Businessranker:

Head to the sign up page and it should look like this.

The screenshot shows the Business Ranker Affiliate sign-up page. At the top left is the logo with the text "BUSINESS RANKER AFFILIATE". Below the logo are four navigation buttons: "Affiliate Home", "Signup Now", "Manage Account", and "Contact Us". On the right side, there is a language dropdown menu set to "English".

On the left side, there is a "Welcome Affiliate!" message with a lightbulb icon. The text reads: "Join our affiliate program and start earning money for every sale you send our way! Simply create your account, place your linking code into your website and watch your account balance grow as your visitors become our customers."

The main content area is titled "Create Your Account" and contains two sections of form fields:

- Create Your Account:** Includes fields for "Username", "Password", and "Password Again". Each field has a small blue question mark icon to its right.
- Standard Information:** Includes fields for "Email Address", "Company Name", and "Checks Payable To".

Fill out everything with legit info.

After you verify your email login to the panel.

It should look like this.

The screenshot shows the Business Ranker Affiliate dashboard. At the top left is the logo with the text "BUSINESS RANKER AFFILIATE". Below the logo are five navigation buttons: "Affiliate Home", "Signup Now", "Manage Account", "Contact Us", and "Logout Here". On the right side, there is a language dropdown menu set to "English".

The dashboard features a grid of four summary cards:

- 122 Total Transactions**
- \$6,275 USD Total Earned To Date**
- \$175 USD Tier Earnings**
- \$6,102 USD Standard Earnings** (includes bonus)

On the right side, there is a "Standard Linking Code - Great For Use In Emails!" section with a text box containing the URL: `http://www.BusinessRanker.com/idevaffiliate/idevaffiliate.php?id=` followed by a redacted ID. Below this, it states "Eligibility For Next Payout: 100% complete." and "You have earned \$6,275 USD of the \$75.00 USD requirement."

At the bottom left, there is a red button that says "Claim Your Free Access To www.AffiliateLibrary.com". At the bottom right, there is a navigation bar with links: "General Stats", "Commissions", "Payment History", "Traffic Log", and "My Account".

In the top left you can see the link. That is your affiliate link. This is the link you're going to be sending out. Now I'm sure you don't know where to start. That is why I am going to walk you through it.

So for this example we are going to use las vegas as an example. So lets look for some local business that need to be ranked in google so that they will get more sales.

The image shows a Google search interface for the query "las vegas dentist". The search bar at the top left contains the text "las vegas dentist" and a microphone icon. To the right of the search bar are icons for user profile, notifications, and share. Below the search bar are navigation tabs for "Web", "Maps", "News", "Videos", "Shopping", and "More". The search results section shows "About 5,160,000 results (0.50 seconds)". The top results are:

On every single one you do you will need to find the email. As you can see it is listed there. So now copy that email and head on over to your email account. I have put together a premade text you are going to send to their email. You can find it below.

Hello I'm a student in (Your city goes here), and I'm also a Online Internet Marketer. Before we begin, this is not an Ad, This is me, personally (Your name here), speaking with you, and you may reply back to this offer if you'd like.

I couldn't help but notice your business is on the third page of google. That means when people search up dentists on google, your isnt even an option.

If you have a business in (Your city here) I can help you be literally the best of what you do in your city.

How would you like to get hundreds, if not thousands of new customers a month?

Let me give you an example of one of my works. I worked for a company in Las Vegas called " Las Vegas Dentist ", and they were fairly a new company, they made decent money for Dentists. Nothing

huge, and now, They are one of the LEADING DENTISTS IN LAS VEGAS

ALL BECAUSE OF ME

---

Let me tell you what I did. I took their website, and I ranked it on top of google.

Chula Vista dentist gets 14,000 searches locally EVERY month!

Imagine if every single one of them were directed to your website. Those 14,000 people would see YOUR SITE first.

You could have potentially 14k new costumers and returning costumers every single month. I can do this for you and your business!

You don't believe me? Look it up," Las Vegas dentists "

You will see DentistLasVegas.us on the very top. I can do this for you and your business.

I have clients who are making thousands of dollars every day from my services, and you won't be disappointed. You got nothing to lose, even if i get you 1 client, It will make up for the service payment that you'd pay me! Check out my website, you wont regret it. If you have any other questions, just reply back to me! (:

My website is: (Your affiliate link here)

With this text you are guaranteed to make a ton of sales. Now just send it to the email you found and then find a new email and restart the process. Once you do it after the first time you will be able to just copy and paste the same thing into each email and all you have to do is find the emails and be done.

You will usually hear back from the customers fast and most are very interested.

Now to expand this method you do not need to do it with dentist. You can do it with any business in your locale. Restuarants, doctors office, anything! The limits are endless!

Also another great way is to print out fliers and go and hand them out. This is easy and affordable.

You can also pay people on fiverr like this

[http://www.fiverr.com/search/gigs?utf8=%E2%9C%93&search\\_in=everywhere&query=hand+out+fliers&x=0&y=0&jls\\_se99912\\_1\\_auto=1&jls\\_se99912\\_2\\_auto=1](http://www.fiverr.com/search/gigs?utf8=%E2%9C%93&search_in=everywhere&query=hand+out+fliers&x=0&y=0&jls_se99912_1_auto=1&jls_se99912_2_auto=1)

To go out and hand them out for you.

Well that is the first method. I hope you earn a lot fast!

## Method 2

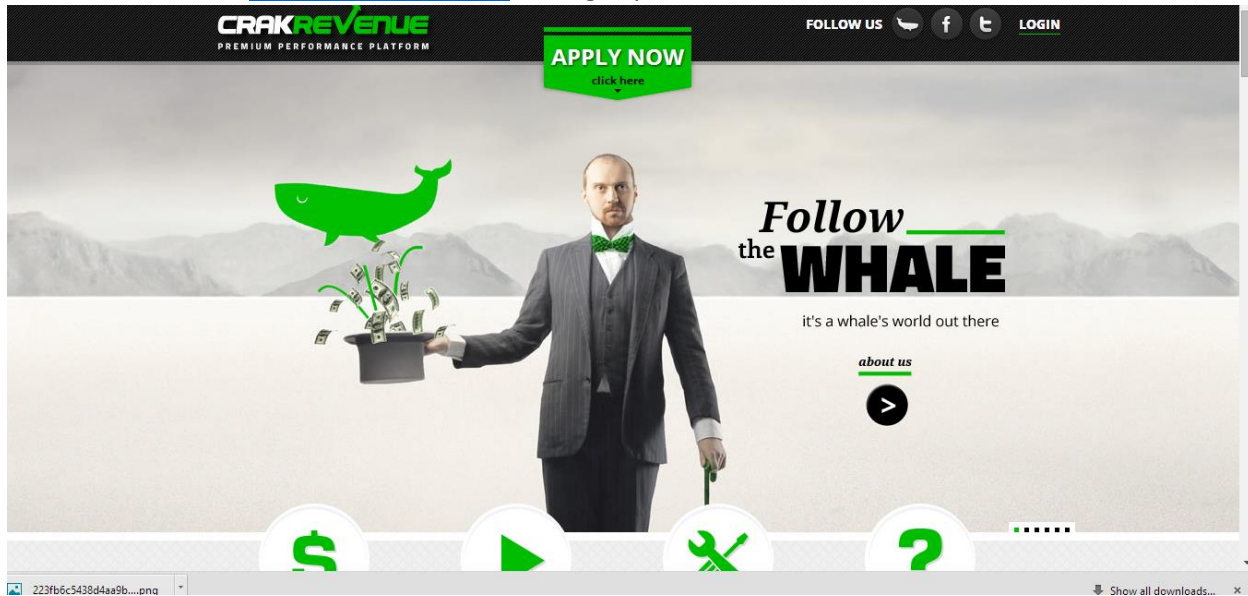

(THIS METHOD IS JUST A BONUS, I WILL NOT ENSURE YOU WILL EARN FROM THIS METHOD BECAUSE IT IS STILL IN THE TESTING, BUT I AM GIVING IT TO OU FOR FREE TO TRY OUT BEFORE I RELEASE IT)

Welcome! Buying this eBook was the best decision you ever made! Are you tired of Buying Shitty eBooks that don't make you any money? Well then todays your lucky day!

Let's start out by me explaining the general basics of the method. What you will be doing is Affiliate marketing. Now don't start crying because you have read 1,000 eBooks just like this. This one is unique. You will be doing affiliate marketing that pays out even if you don't sell anything. All you have to do is get people to sign up. You can get paid \$1.50-\$3.00 per sign up. Now you may be thinking, "I'm terrible at getting people to sign up!" Well your right you are. But that's where I'm here to help. And this is where I introduce the method. You will be paying people to sign up. Yes this is a secret big company's don't want you to know. You can pay people .10c to sign up. So let's do the math. You pay someone .10 to do a 1 minute sign up. And you make \$3.00 instantly when people sign up. So that's  $\$3.00 - .10 = \$2.90$  pure profit! That's almost \$3.00 a minute! Now you may be thinking where am I going to find people to sign up? Well here I'll show you!

## Part 1

How you will be getting people to sign up is by paying people. Where you will find these people is on micro worker sites.

A few examples are

Rapidworkers.com

Minijobz.com

Those are just 2 but there are a ton. How this works is you will first register. On rapidworkers.com

Start a campaign. You will need to deposit money into the rapid workers account in order to start the campaign. If you bought the basic, deposit \$10 to your account. If you bought the premium I will deposit \$10 for you. So after depositing make it look exactly like mine. But change the title to something appealing. Like "EASYSIGNUP | 30 SECONDS OR LESS AND GET PAID! "

category for your campaign:

Click or Search	Simple sign up	Prices listed are min. prices acceptable for this type of campaign. You can increase payment per task to be listed higher and get better results.

Above where it says Sign up it says "Your Affiliate link here" (The picture cut it off)

You will get your affiliate link by clicking the web offers tab on crack revenue.

You will see a list of ones you can choose from. Choose the ones that payout the most money.

## Extra Step

This will take 5 more minutes of work. But it is well worth it.

1. Goto blogger.com
2. Sign up and make a blog.
3. Name it (yourname)affiliates.blogspot.com
4. Goto tools and add widget and add an HTML widget. Copy the HTML code crakrevenue provides and then apply it. Do this all over your site with different ads,
5. On Rapid workers re direct people to your site and tell them to click your ads. This will ensure that your traffic looks legit.

Every week you will need to put a few dollars in profits and have someone purchase premium services on the site they registered on. This will ensure that they believe that your bringing in real traffic.

If you can not afford to pay the membership just make sure you keep your leads down.

After you put the campaign on Rapidworkers you just have to sit back and watch the money roll into your account. It is 100% autopilot. This method will work for any PPL site. And you can check out a whole list of them here:
