Introduction

Dear reader,

thanks for purchasing my eBook i appreciate your interest in. I'm sure you've been looking around through the forums for a fully auto-pilot method (well, haven't we all?) to make some serious money but probably with little or no success at all. There's no need for that anymore, you found the one. By the end of this E-Book you'll realize your life might have changed for good and within 1 hour I'm sure you'll get your hands to work. Why? Because this isn't an E-Book who bullshit claims a 4-figure/ monthly income. You will have that income. It might not be tomorrow neither next week, but way sooner than you expect. Caught your attention? Good. Let's move on, nobody reads intros anyway.

In my activity of seeking for new ways to make money online, I've found some time ago, the revenue sharing sites (also known as rev share programs or revshares on short).

I was quite skeptical at first about this business model, I avoided to join any of them for some time.

However, at a certain point I fell to the temptation to make some easy money without selling anything and with referring people as something optional, and I've joined to my first revenue sharing program.

Now, I am happy I did it, because if you find the right program, you can make a lot of money with a minimum effort, clicking 10 ads once at 24 hours and repurchasing these sharing positions.

How Does it Works ?

The revenue sharing sites are not investment opportunities as a lot of people tend to mistake them. All you do is purchasing advertising services and thanks to their profit sharing programs, you earn money when the revenue generated by the website is shared to the members who have active sharing positions.

Each time you purchase a sharing position, you receive advertising credits, credits that you can also use to get advertise for your own business. The quality of the traffic received after purchasing these shares it is not of the best quality because it is incentivized traffic.

TRIPL3 THR3AT

The Money Making Website - TripleThr3at.net

Triple Threat is a marketing or advertising platform that offers various advertising tools as well as earning opportunity to members through revenue sharing. Straight to the point, members can really take advantage of the revenue sharing program for this site which offers up to 150% profit from the adpacks both by members.

This is a revshare with a lot of potential and some very fast earnings. There are 2 owners: Ray Scott and Troy Fobbs from the USA, both very active in the official Facebook group.

Triple Thr3at has a \$10 monthly membership, but this is a good thing because it should increase the longevity of this program and can help Triple Thr3at to become a long-term revshare.

I think Triple Threat Marketing is one of the best ad revshare programs out there. With admins that are interacting daily on facebook with members it shows a lot of promise.

I think that's all there is in TT3 , login to your account every day surf 10 ads and check your earnings coming from the shares you bought. If there is enough Cash balance and Repurchase balance to buy additional shares, then do so. Repeat this method of 100% repurchasing for a week or two weeks and you will be amazed how this system works.

I can say that Ad Revshare Program is one of the easiest and guaranteed ways for you make money from the internet.

Although they are legit but maybe there is someone worry about his/her money ? then all you have to do is to withdraw your money as soon as you make some cash to work for you . for example you deposited \$100 in a 7-10 days you turn that into \$180 and withdraw your own \$100 and play with their \$80 that you already earned . but i don't recommend that if you really wanna reach your goal fast.

(DO NOT CASH OUT YOUR EARNINGS FOR THE FIRST 2-3 WEEKS, RATHER USE YOUR DAILY EARNINGS TO REPURCHASE ADDITIONAL SHARES TO GROW YOUR BUSINESS AND THEN START WITHDRAWING.)

Let's start making money now Step-by-Step:

1. Open an account at [TripleThr3at.net](https://www.triplethr3at.net) (simple registration form).

make sure your sponser is "Spyke"

My referral link:

<https://www.triplethr3at.net/?ref=Spyke>

after registration login and Familiarize yourself with the navigation bar on your left. It is pretty easy to use.

The registration form is divided into three sections: PERSONAL INFO, CONTACT INFO, and LOGIN INFO. PERSONAL INFO includes fields for Sponsor (pre-filled with 'thespy'), First Name, Last Name, Email, and Email (type again). CONTACT INFO includes Address 1, Address 2, City, State, and Country (a dropdown menu with '- Select -'). LOGIN INFO includes Username, Password, and Password (type again).

2. Subscribe to become a paid member. You will be required to pay a monthly subscription

SUBSCRIPTION (PHASE 1)

fee of \$10. Pay it through your payment processor and remember to renew it after a month as the renewal is not automatic.

3. Now that you have subscribed, its time to fund your wallet. Enter the amount you want to start with and choose your payment processor. Currently Payza, Solid Trust Pay, Payeer & Coinbase are accepted. You will be redirected to the payment processor. After you have paid the amount you entered earlier you will be re directed back to TT3.

The 'MY WALLET' menu is a vertical list of options: Wallet Balance, Add Money, Transfer Money, and Withdraw Money. A red arrow points to the 'Add Money' option.

4. As I said on the E-Book, this does need some investment. The minimum investment is 10\$, but I guarantee you that after a couple days, when you realize how good it works you'll only want to invest more to make it quicker. I advise you to start with anything from 50\$ to 100\$ or more if you have, then it's time to buy your ad packs. You can buy \$3, \$7, \$15, \$30 and \$50 adpacks which mature at 120%, 125%, 130%, 140% and 150%.

The 'REV SHARE (PHASE 2)' menu is a vertical list of options: Buy AdShares, Repurchase Adshares, and My AdShares. A red arrow points to the 'Buy AdShares' option.

- AdPack-Plan 1: \$3 share maturing at \$3.60 (120% Returns).
- AdPack-Plan 2: \$7 share maturing at \$8.75 (125% Returns).
- AdPack-Plan 3: \$15 share maturing at \$19.50 (130% Returns).
- AdPack-Plan 4: \$30 share maturing at \$42.00 (140% Returns).
- AdPack-Plan 5: \$50 share maturing at \$75.00 (150% Returns).

all you need to buy is \$3 Packs only till you max out it because it's the fastest which mature in 3 days if you still don't get it let's make some calculation here i will use unofficial TT3 Calculator if you wanna it contact me.

Shares	Tier 1		Tier 2		Tier 3		Tier 4		Tier 5	
Amount	\$3		\$7		\$15		\$30		\$50	
Returns	120%		125%		130%		140%		150%	
	Hourly	Daily	Hourly	Daily	Hourly	Daily	Hourly	Daily	Hourly	Daily
	1.66%	39.84%	0.74%	17.76%	0.38%	9.12%	0.27%	6.48%	0.22%	5.28%
in the orange cells with the number of shares in each tier. (to update the hourly/daily % change the values in the grey cells)										
Number of Shares	20		0		0		0		0	
Total cost	\$60		\$0		\$0		\$0		\$0	
these numbers are not guaranteed. The hourly/daily earnings are subject to change due to the website's earnings										
Earnings	\$72.00		\$0.00		\$0.00		\$0		\$0	
	Hourly	Daily	Hourly	Daily	Hourly	Daily	Hourly	Daily	Hourly	Daily
	\$1.00	\$23.90	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00
Profit	\$0.20	\$4.78	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00	\$0.00
Apx days to mature	2.51		5.63		10.96		15.43		18.94	
Active Adshares							\$60			
Daily earnings							Total earnings			
							\$23.90			
							Withdrawable		Repurchase	
							\$16.73		\$7.17	
Daily income without losing shares							\$4.78			

let's say you did added \$60 to your account for sure you going to purchase 20 x \$3 ad pack which will mature at \$72 you get \$23.90 daily \$16.73 withdrawable and \$7.17 Repurchase balance so within 3 days you would have about \$50 withdrawable and \$22 not.

NOTE: repurchase balance is spendable only not withdrawable.

you must put a goal to yourself for example you need to earn \$50 daily so use the calculator to know how long you need to invest at first and reinvest earnings till you reach your goal before withdrawing daily this \$50.

Although that's nice, it's not something we find especially interesting right? So what's the game changer?

now follow these tips ! recommended to maximize your earnings.

1. as i said balance is updated daily now you have to check your account every 24 hour once repruchase or withdrable balance value rises to \$3 immeditaly go buy more \$3 pack don't wait and watch your earning until it fully matured (ALWAYS MAKE SURE YOUR MONEY IS WORKING FOR YOU).

so those \$60 would mature at about \$80+ in 3 days not \$72 if you kept the money working for you all the time

2. always surf 10 ads because you won't earn money without it surfing 10 ads give you 24 hour qualified to earns so make sure you surf again before these 24 hours left

3. don't go for \$7 packs stay with \$3 one's it's faster and once you reach 150 . packs (50 max daily) then go for \$7 packs with rest balance.

4. i prefer not to withdraw money at first till you turn your account in flowing cash machine and start withdrawing \$50 - \$100 daily or whatever your daily withdrawl goal (you have to be patient or invest more to reach your goal) .

5. Refer only two members to TT3 and your subscription pays for itself, plus you will get 10% of what they spend.

(Referral is optional you still get paid without refferral)

6. once you reach \$70 daily start withdraw \$100 daily because maximum is \$500 weekly since payouts are monday through friday so \$70 Daily earnings is enough for \$500 weekly withdrawal. (that's \$2000 monthly)

then you can create new account and build another machine to have \$4000 monthly.
