

**Hello, Thanks for purchasing my eBook.  
I will get strait to the point.**

**For this eBook you will need:**

**A Free VPN ([www.hotspotshield.com](http://www.hotspotshield.com))**

**A picture pack**

**(<http://www.hackforums.net/forumdisplay.php?fid=170>)**

**A fake gmail account that sounds like its against  
child pornography.**

**([StoppingChildPorno@gmail.com](mailto:StoppingChildPorno@gmail.com))**

**A fake PayPal tied to that account.**

### **Step 1: Getting our victims**

**Head over too [www.teenchat.com](http://www.teenchat.com) and say something like “hey y ;) any guyz wanna get on skype and trade pixx skype: [skype]”**

**You will most likely get TONS of requests.**

### **Step 2: Luring them in**

**Once they add you say ASL (age sex location)  
Then say your “ASL” Make sure they understand you are below 18, I say I'm 16. It will really get them pedos reeled in if you say “im only 16 please dont judge”**

### **Step 3: Get this going**

**Ask if they want to see some pics of you, they will say yes. Send them non-nudes first, then start sending them nudes, and even try to get pictured of them.**

### **Step 4: Shitting on him**

**Now you have him, hes broken the law. But lets take this 1 step further, ask if you can email him because when you send some pics it says an error code. Once you get his email look him up, he will probaly have a twitter/facebook. Then find his friends, family, and even wife is he has one.**

## **Step 5: Confrontation**

**Now say something like this threw that email you created.**

***Child Pornography is against the law and we have reports you are using it. You can spend in 10 years in prison. All I need to do is send those skype logs to the feds. And I will tell [friend], [friend] , [family member], [family member] and [wife]. If you do not send 100\$ PayPal too [PayPal] Everyone will know. If you don't respond/block me I will immediately post it.***

**Most of the time they send it. Sometimes they will block you thou and that sucks, then you just need to try the next person. If they do send ask for another 50, its worth a try!**

**Thanks for reading.**

**Regards**
