**LET'S GET STARTED WITH THE ULTIMATE MONEY  
MAKING METHOD!**

# How to do the Method:

All you will need for this method is Facebook and Paypal. Yeah you heard right. Just this two things.

The main idea behind this method is selling »fixed/set up sport matches«. Yeah I know what are you thinking. Where the hell will I get fixed matches? The answer to this question is nowhere. Fixed matches do not exist. We will find random match of our choice and sell it for around 25\$-100\$.

So now that you know what we will doing let me explain you how to do the method...

1) Things we will need. First of all you will need paypal, that your customers could pay you for fixed/set up game. I will not go in details how to use/register to paypal. If you do not know how to use paypal just go here:

<https://www.paypal.com/webapps/helpcenter/home/>

2) Registering new facebook account. First you need to think about your BETTING name on facebook. For example, you can think of a name like:

- » Lionel Messi Fixed Matches«
- » Professional Fixed Matches« and much more....

Once you've come up with a name you like, head over to [www.Facebook.com](http://www.Facebook.com) and register yourself.

(Do not worry if facebook will not let you register with the BETTING name. Just use something else, like real name and familyname, you can edit this things later, when you are already registered.)

**EXTRA:** Since facebook is using security for adding tons of friends I suggest you that you register on facebook with fake GIRL name and familyname. If you will do this you will be able to add more friends and you will also get a lot of friend requests. Do not forget to put SEXY picture for your profile picture.

3) Adding friends to your facebook account. Ok let's say that we are now registered on facebook with fake girl name. It is time to send some friend requests. But we need targeted friends not just any friends. We need friends who like sport betting. We have to find some betting advisors on facebook and look for their friends. Add them about 20 then log out, wait 5 minutes, log in again add 20 of them and do this step again and again. If you will work good you will have more than 1000 friends in 2-4 days.

Here are some examples from where you can get friends:

<https://www.facebook.com/profile.php?id=10000202613867>

5

There are thousands accounts with betting advices. Just look for them and add their friends.

4) Time for your first post on facebook. When we will reach over 1000 friends on facebook it is time to change the account name. Just switch girl name with the name of your betting name. For example: "Jessica Smith" ----> "Leo Messi Fixed Matches". Change your profile photo also.

Finally it is time to post first post on your wall. Post something like you see in the picture below:

Example how your first post should look like.

5) Adding fake proof of winning match on your wall. When we post our first proof we have to wait 1 day. After 1 day it is time to show the ones who were interested in our match that we are reliable and trusted seller of fixed/set matches. We

need to post fake proof that our prediction was real and winning one.

For this we will need to re-edit picture in way that will look legit. Just like this group on facebook:

<https://www.facebook.com/pages/Easy-Money-1X2/254328191300322>

There you will see how to add fake proof. This is picture of how fake proof should look like:

Thats is. You will have to repeat step 4 and 5 two times. Now people will trust you and to your predictions.

6) Repeating step 4 and 5. Yeah you heard right. You need to repeat step 4 and 5 so long that somebody will pay you for the match. For fixed match you will charge 25-150\$. It is up to you on how fast and how much you want to earn. There will be at least 2 interested people for your match. If you will get paid for them for your fixed/set up game head up to:

<https://www.bwin.com/>

We need to find soccer match. We will be looking for Halftime/Overtime soccer matches with odds around 15. Example of what kind of matches we will be searching:

Halftime/Fulltime			
Estudiantes La Plata / Estudiantes La Plata	2.40	X / Estudiantes La Plata	4.33
Estudiantes La Plata / X	16.50	X / X	5.25
Estudiantes La Plata / Olimpo Bahia Blanca	67.00	X / Olimpo Bahia Blanca	11.50

Ok here is one example for what we will be looking. It is football match and odd is around 15. In our case 16.50.

Now when we have match selected we have to deliver it to our buyer. Thats it. Your job is done.

7) Your work is complete. The best think about his method is that you ARE NOT scammer at all. You deliver them information about the match. You have NEVER claim them that your information is 100%.

Probably the match you gave them will not be winning one. They will attack you over e-mail that you gave them fake match, etc... Just say to them that someone went wrong with

your source and that you will deliver them another match in few days for FREE.

Now just wait few days and delete him/her from your friends.

**NOTE:** In some time your account will become useless, because your clients will start posting on your wall that you sell fake matches and so on. No problem. Just leave this account and make new one. Repeat all the steps and start again with new account and new name.

## **Extra:**

If you want to earn more money in same time, just create more accounts and use them all. Try to find different friends for each account!

**Adding tons of friends facebook security.** If you still have problems with adding tons of friends on your facebook account visit this links and read whole topic/method:
